LBS MCA ENTRANCE EXAMINATION

Date: 1/31/2020
Guide: Mr. Binumon Joseph

1. Project Overview?

   Online LBS MCA Entrance Examination System is an on-line test simulator is to take online examination, test in an efficient manner and no time wasting for manually checking of the test paper. The main objective of this web based online examination system is to efficiently evaluate the student thoroughly through a fully automated system that not only saves lot of time but also gives fast and accurate results. For students they give papers according to their convenience from any location by using internet and time and there is no need of using extra thing like paper, pen etc.

   Online examination system helps students to offer a quick and easy way to appear for the test. It also provides the results immediately after the examination with 100% accuracy and security. Student can enter to perform exam only with their valid username and password. This examination contains multiple choice questions and appropriate number of options. There are no limitations on number of options and it can be randomized so same set of question will not appear to all student so it prevent manipulation. More than one option can be correct but the user can select only one option. This provides time limit. The user can see their results after completing the exam. This helps the students to write the exam from far distance and which can provide security and simplicity and other beneficial features to the user.

2. To what extend the system is proposed for?

   EXAMINATION HALL SEATING ARRANGEMENT is developed for the college to simplify the allocation of halls and issuing hall tickets to

students during exams. It facilitates to access the examination information of a particular student in a particular department. The information is sorted information alphabetically, which will be provided by the teacher for a respective department. This system is also help in finding the examination eligibility criteria of a student of the particular department. COLLEGE ALLOCATION is developed for the college to simplify the allocation of students based on their rank and preference of college.

3. Specify the Viewers/Public which is to be involved in the System?

Students andTeachers

4. List the Modules included in your System?

Admin,Teachers,Inivigilators and students.

5. Identify the users in your project?

Teachers,Inivigilators and students .

6. Who owns the system?

Admin

7. System is related to which firm/industry/organization?

Education

8. Details of person that you have contacted for data collection?

Mr.Binumon Joseph(Project Guide)
Mr.Jinson Devis(Project Guide)
Mrs.Shelly Shiju George(Class Teacher)

9. Questionnaire to collect details about the project? (min 10 questions, include descriptive answers, attach additional docs (e.g. Bill receipts, certificate models), if any?)
